DELIVERY:

Promised delivery refers to the time of delivery to carrier and is made in good faith. Delivery performance is dependent upon prompt receipt of all specifications, and any other details essential to the proper execution of the customer's order. Should receipt of essential details be delayed, the date of shipment may be extended for a reasonable time, based upon factory resources.

Fulfillment of delivery schedules is dependent upon many factors beyond our reasonable control, such as government regulation, acts of God, acts of the purchaser, fires, strikes, floods, epidemics, quarantines, wars, insurrection or riots, civil wrecks and delays, severe weather, labor shortages and delayed deliveries of components by our suppliers.

Delivery schedules are not guaranteed and we will not accept any liability for any penalty or damages liquidated or otherwise, for delayed shipments or installation.

In the event of shortage or damage, notify carrier as well as OSI immediately. We are not responsible for damage in transit but will gladly render any assistance necessary to pursue your claim against the transportation company.
